4.22-4.26 English 英语所学内容:

Dear Parents, we've noticed students talk a lot during English class, making it hard for them to focus and learn. We're asking for your help at home. Please talk to your child about the importance of paying attention and participating in class discussions when appropriate. Encouraging them to listen more and chat less during class can help them improve their English. I can help students have a better learning experience by facilitating concentration based on their goals. Students need to decide what their goals are and think about the value of every class participation.
